PEDAL  N
PARLIAMENT

THIS 
MACHINE FIGHTS
CLIMATE CHANGE

COP 
COALITION 26

Pedal on Parliament campaign to make Scotland a cycle-friendly country. Join us this year as we Pedal on COP to our Cycling and Sustainable Transport Bloc at the march. Help us to tell our world leaders at the UN climate talks - COP26 - that cycling and sustainable transport are a key part of the solution to the climate crisis.

That THIS MACHINE FIGHTS CLIMATE CHANGE.

Event: tinyurl.com/PedalOnCOPBloc

The climate crisis affects those who are worse off the most, throughout Glasgow, Scotland and the world.

Justice won't be handed to us by world leaders or corporations. We need to fill the streets of Glasgow to call them out and fight for a safe, just future for the people of Scotland and around the world!
